

Welcome to the Fillongley Parish Plan, 2005

Introduction

This questionnaire, was developed in order to obtain the views and opinions of the local community on behalf of Fillongley Parish Council. The questionnaire was circulated and returned in the summer of 2005.

The responses will be used to establish The Fillongley Parish Plan. This will enable the views of the people to be heard at local government level. The information will be collated to summarise the concerns of Fillongley's residents. The Parish Plan will subsequently be reviewed on a rolling 5-year basis.

Once the responses have been fully analysed, the results will be published. We will tell you where the completed Parish plan can be read.

The questionnaire was anonymous.

The **first section**, questions 1 – 11 will enable us to analyse the type of household, and the types of individuals that are responding to the questions. Any member of the household could have answered these first questions.

The **second section** from question 12 onwards were to be completed by every member of household aged 12 and over. Each person always using the same column / letter, and identify any additional comment with their letter.

Additional comments can be added on a separate piece of paper and attached if required, please write the question number against the comment.

Local Businesses had a special section to complete.

About the Household

One person in the household can be responsible for filling in these details. We would like to collect this information to provide basic statistics about the village and to help us to analyse the later questions.
